T.J. HOOKER™

Straight from one of television's new hit series comes this black and white LAPD car as driven by T.J. Hooker. Starring one of television's favorite personalities, William Shatner, T.J. Hooker has established itself as a solid Saturday night feature for the boy TV audience. Now they can build a detailed model of the big Dodge Police Car driven by TV's top lawman. Kit comes complete with police equipment, roof flashers and authentic markings.

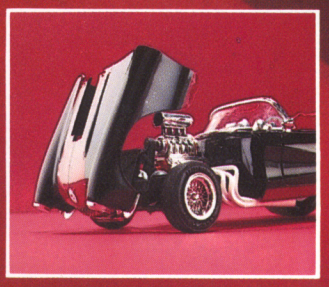
'57 CORVETTE GASSER

1983 is the year of the Corvette, and the wild classic Vette will fit right in. In complete drag racing trim, the '57 fiberglass flyer is complete with tilt-forward front end, blown 327 engine, big rear drag slicks, a complete drag chassis, plus a removeable hardtop. **1-3723**



HEMI HUNTER

With a big blown 426 Hemi racing engine sitting out back, the wild Mopar Street Machine is one of the craziest street racers ever. Custom competition interior, floor pan with racing subframe, big rear drag slicks and hot flame decals give this hunter the equipment to bag the competition. **1-0861**

STREET MACHINES

MPC IS MEETING THE CHALLENGE OF KEEPING UP WITH TODAY'S CAR MODELER. FOUR HOT NEW CARS ARE SURE TO CATCH THE EYE OF THE CLASSIC STREET MACHINE FANS. ALL FOUR FEATURE AN ARRAY OF THE LATEST CUSTOM GOODIES, OPTIONAL FEATURES, PLUS FOUR GOLDEN OPPORTUNITY TOKENS TO EARN MORE MODEL BUILDING FUN.

PLYMOUTH GTX

One of Mopar's greatest muscle cars, the '74 GTX was among the last of the high powered factory street machines. Detailed down to its big 440 cubic inch engine, this mighty machine has a selection of custom wheels, engine accessories, spoilers and other favorite add-ons.

1-0871

'69 CAMARO SS

Last of the early bodied Camaros, the '69 SS was the more powerful cousin of the Z-28. Built as a factory street racer, this classic Chevy muscle machine has extra goodies to keep the most demanding modeler happy.

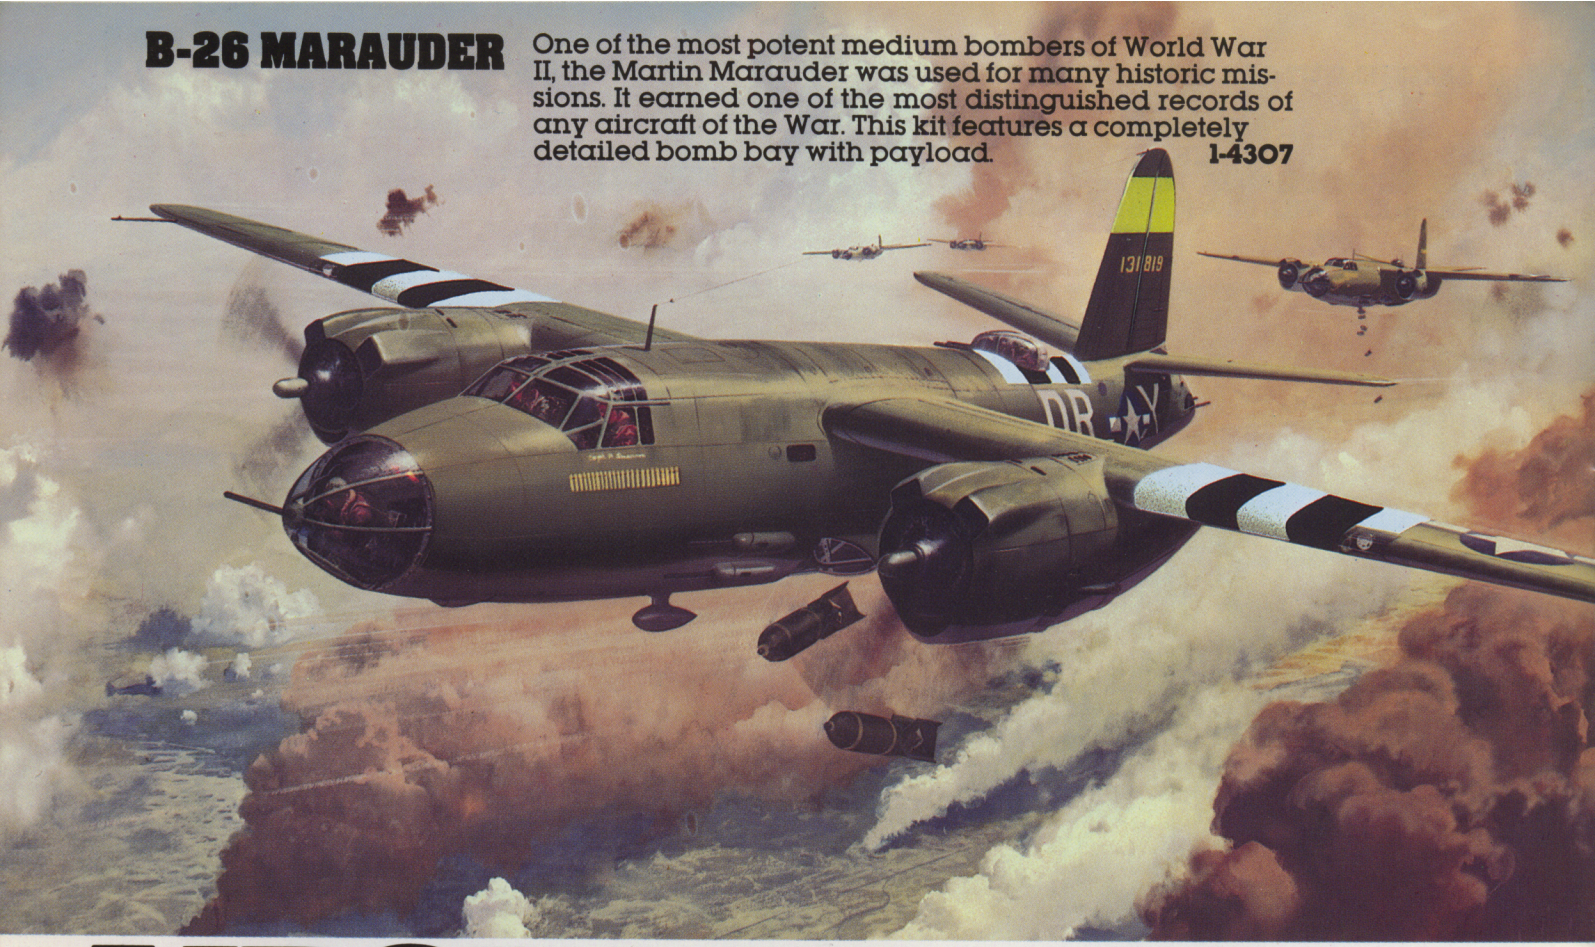
B-26 MARAUDER

One of the most potent medium bombers of World War II, the Martin Marauder was used for many historic missions. It earned one of the most distinguished records of any aircraft of the War. This kit features a completely detailed bomb bay with payload.

1-4307



AIRCRAFT 1/72 SCALE

ADDING TO A CLASSIC RANGE OF THE MOST IMPORTANT HISTORIC MILITARY AIRCRAFT OF PAST AND PRESENT, MPC IS PRESENTING FIVE MILITARY CLASSICS. AS WITH ALL OF OUR 1/72 SCALE KITS, THESE WARBIRDS FEATURE THAT AUTHENTIC MPC DETAILING, OPTIONAL PARTS AND BUILDING VERSIONS. THEY ALSO CARRY AUTHENTIC MARKINGS OF FAMOUS AIRCRAFT, PLUS GOLDEN OPPORTUNITY BONUS TOKENS.

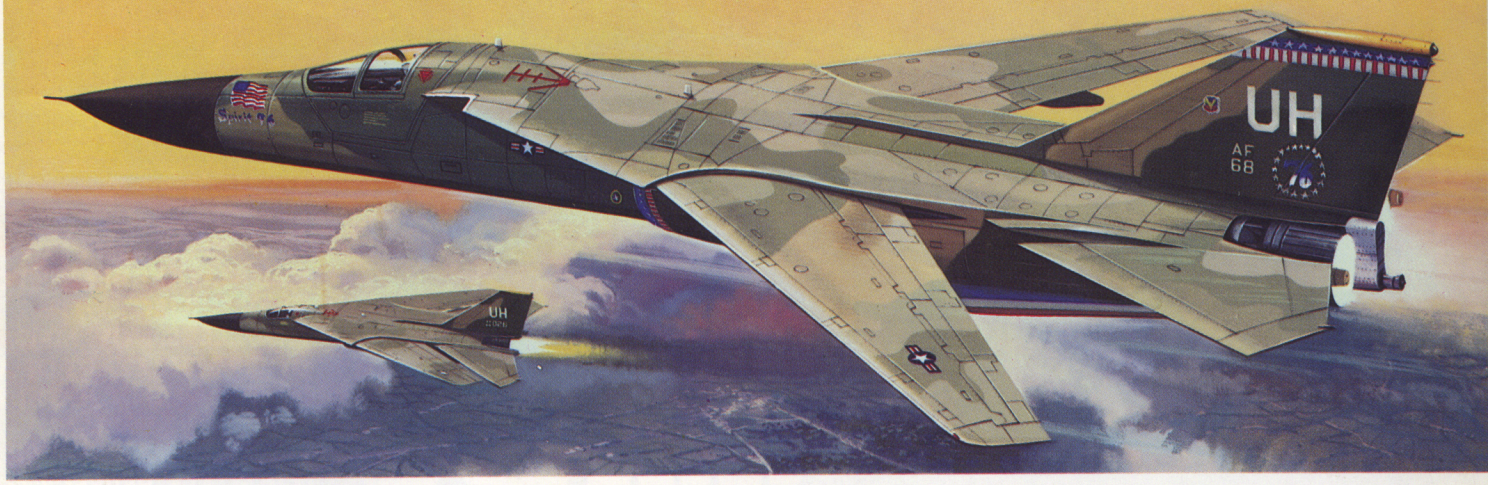
AC-47 SPOOKY

The versatile World War II transport C-47 was modified for the Vietnam Conflict into a potent ground attack aircraft. Modified into the original gunship, the Spooky became a welcome sight in support of US ground forces. This kit includes three detailed mini-gun installations.

1-4308

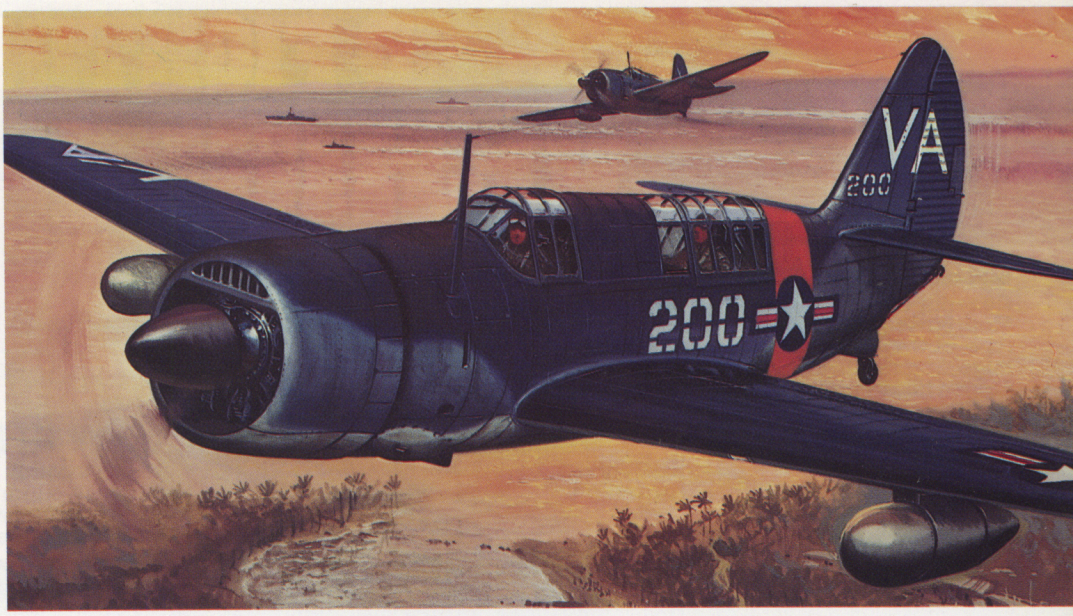
F-111 AARDVARK

One of the most controversial aircraft to ever go into US service, the F-111 was the world's first operational swing-wing aircraft. The long-nosed Aardvark has now earned a spot in the air wing of many other Allied countries and is a major part of the US strike forces. Kit features operating swing-wing, plus the colorful Spirit of 76 markings. **1-4309**



SB2C HELLDIVER

Among the best known Navy attack aircraft of World War II, the famed Curtiss Helldiver took part in every late war battle of the Pacific campaign. Its accurate dive bombing attacks were responsible for the destruction of many enemy vessels during this crucial stage of the war. **1-4105**



MiG 21

One of the most important warplanes in history, the famed Russian MiG 21 formed the base of airpower for the Warsaw Pact nations, plus many Russian Allies. Used effectively by the North Vietnamese Air Force, this MiG 21 is marked as that flown by top North Vietnamese ace Lt. Colonel Tomb. **1-4106**

MILITARY ARMORED FIGHTING VEHICLES

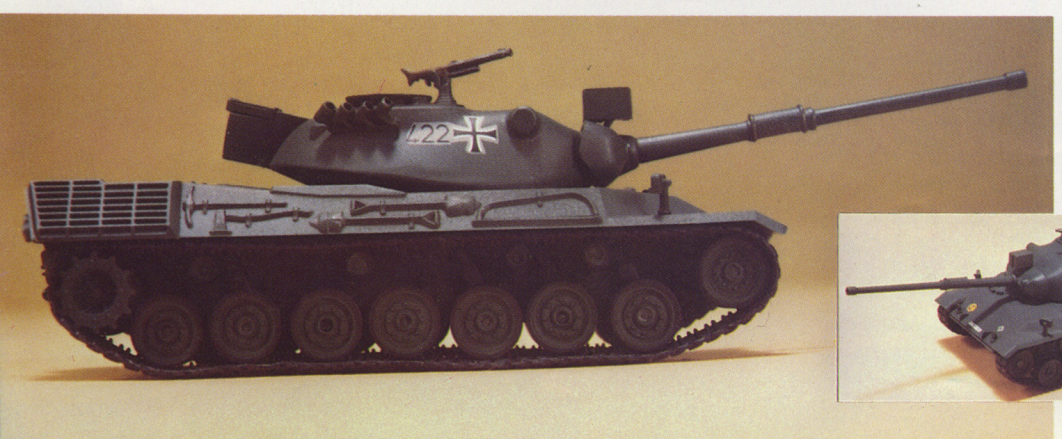
MECHANIZED ARMOR HAS REVOLUTIONIZED ALL CONCEPTS OF WARFARE DURING THE 20TH CENTURY. ATTRACTING MODELERS TO THE HUGE TANKS AND POWERFUL GUNS, THE AFV HAS ALWAYS BEEN A POPULAR SUBJECT WITH MODELERS. NOW MPC OFFERS THE START OF A NEW RANGE OF HIGHLY DETAILED MILITARY VEHICLES IN CONSTANT 1/76 SCALE. PERFECT FOR USE IN DIORAMAS WITH OUR MILITARY AIRCRAFT AND HO/OO ACTION FIGURES. EACH KIT ALSO CARRIES THREE GOLDEN OPPORTUNITY TOKENS. ALL ARE MOLDED IN CAMOUFLAGE COLORS WITH AUTHENTIC UNIT MARKINGS.

CHIEFTAN TANK

Currently one of the best tanks in service, the Chieftan Main Battle Tank is in service with NATO forces in Europe, as well as Israeli forces in the mid-east. From its huge 120mm gun to its detailed bogie wheels, this rugged heavy tank is well represented by this highly detailed model. **1-6204**

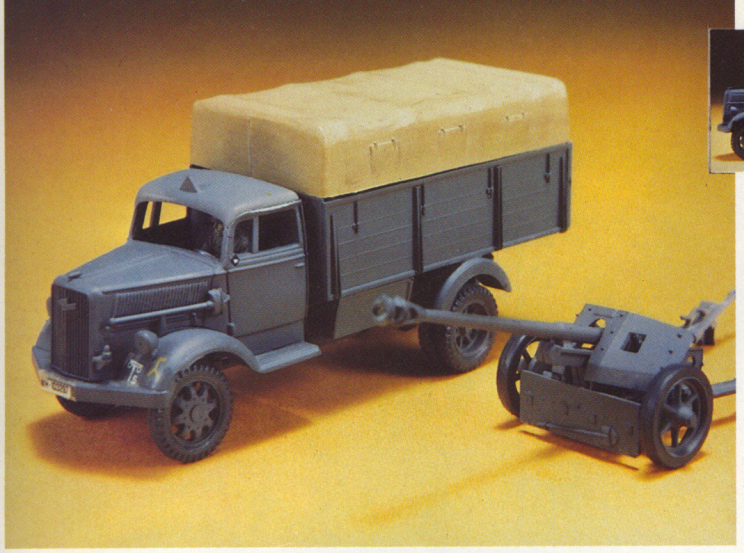
GERMAN 88

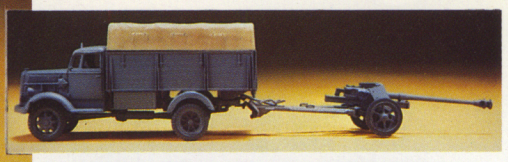
One of the most feared weapons of World War II, the famous German 88mm gun was the best anti-tank and anti-aircraft weapon of the War. Complete with a highly detailed half-track transport. **1-6202**



LEOPARD TANK

The first German tank to be built since World War II, the Leopard is in service with many NATO countries as a primary part of the European defenses. This 42-ton monster has proven to be a very versatile base for many weapons systems. Kit features a completely detailed track and drive system. **1-6206**





ANTI-TANK BATTERY

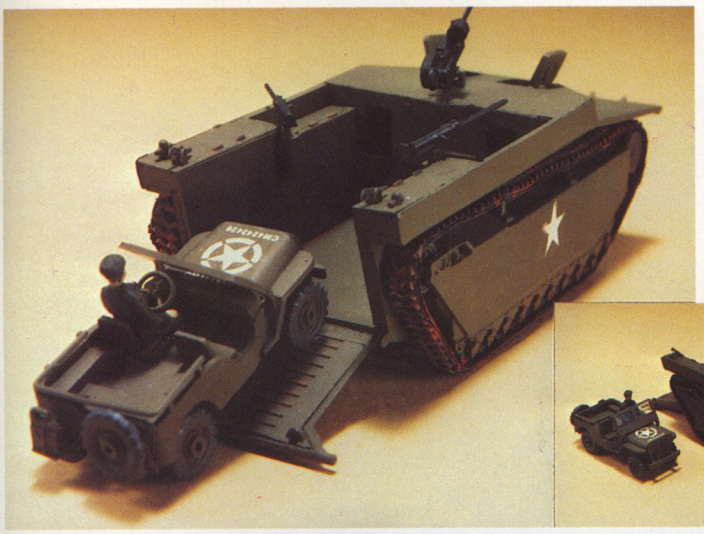
Used very effectively across Europe and North Africa, the German PAK-40 anti-tank gun played a major part in many historic tank battles of World War II. Including a highly detailed Opel Blitz transport and supply truck, plus a complete crew, this kit can be built in a variety of interesting dioramas. **1-6203**

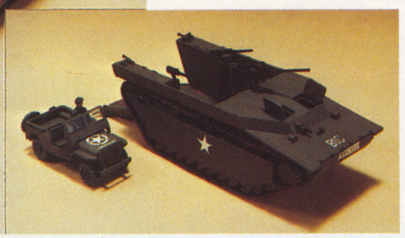
CENTURION TANK

One of the most widely used Allied tanks since World War II, the Centurion played a major part in the Korean War, and is now in use as a major part of the Israeli armored forces. This 100-plus part kit includes all the details of the tough battle tank. **1-6205**

AMPHIBIOUS BUFFALO

Used for amphibious landings in all theatres, the famous Buffalo landing craft was a major part of US assault forces in World War II. This kit includes a detailed bogie and track system, machine gun, moveable loading ramp and a Jeep 4x4 Staff Car. **1-6201**





MILITARY FIGURES

TWO MORE FAMOUS FORMATIONS JOIN MPC'S RANGE OF HO/OO SCALE MILITARY FIGURES. POPULAR AS DIORAMA ACCESSORIES, WARGAME MARKERS, OR PLAYSET PIECES. THESE POPULAR 48-PART SETS ARE A FAVORITE FOR USE WITH MANY COMPATIBLE SERIES OF MILITARY VEHICLES, INCLUDING MPC'S 1/72 SCALE MILITARY AIRCRAFT AND NEW 1/76 SCALE ARMORED FIGHTING VEHICLES, EACH SET ALSO CARRIES TWO GOLDEN OPPORTUNITY BONUS TOKENS.

Specially trained and equipped for hazardous high altitude duty, the German Mountain Troops were some of the most courageous fighting men of World War II. This set of figures includes pack horses, ski patrols and machine gunners.

GERMAN MOUNTAIN TROOPS

1-6016

Detailed to replicate the ground support crews of US and other NATO countries, this set of figures is the perfect one for any modern NATO military aircraft set. In addition to aircraft service personnel, a complement of guard and patrol personnel are also included.

NATO GROUND CREW
